**5:00pm to 6:30pm**  
**Registration Fee \$100**

An interview is a meeting between a student and a representative of the school such as a Dean or Director of Admissions. The meeting is typically an in-person introduction and an opportunity to learn more about you, your background and your interests. The purpose of the interview is for the school to determine if you are a good candidate and match for the school. It is also an opportunity to ask questions about the school's philosophy and curriculum to determine if the school is the best fit for you.

To get into the top schools, children must ace the interview. They should be civilized, even likable. A quick review of proper etiquette and manners before the formal interview process begins provides candidates with that extra edge in the increasingly competitive school admissions game.
